

360 Degree Acoustic Room Divider – Fabric

Multiple Configurations

Articulating hinges allow each panel to rotate 360 degrees, enabling infinite configurations including L-shapes, curved and straight lines.

Customisable

Mix and match fabric colours or fabric and polycarbonate panels. Company logos and artwork can also be printed directly onto panels.

Sound Dampening

Engineered acoustic panels manufactured from a honeycomb cell core and specialist acoustic fabric for superior acoustic performance.

Easy storage

Folds down to 85cm x 85cm. Light weight and easy to move, simply roll away when not in use for quick and easy storage.

Tackable Surface

Tackable surface accepts pins and velcro for posting artwork or signage, allowing you to create your own mobile gallery or display board.

Safety First

No-pinch seams avoid fingers getting pinched. Full end panels for extra stability and articulating hinges to protect the partition from falling over.

Same day delivery - 3 years warranty

Delivered the same day directly from our Hong Kong warehouse with 3 year warranty on defects.

Features
